R. O. C. No. 1514/46/C. S.

PRESS COMMUNIQUE.

Government have noticed that an organisation called the Catholic Youth Congress is initiating subversive movements and taking up an attitude of open defiance of Government. In a speech made on the 13th October 1946 at Erattupettah, the President of the Catholic Youth Congress Mr. Cheriyan J. Kappen reiterated the decisions of the Catholic Youth Congress asking cultivators forcibly to occupy forest lands belonging to Government and to cultivate them and promising support to such cultivators.

This Government have given several public warnings against such a procedure, but the Catholic Youth Congress has paid no attention to them. In these circumstances, Government have decided to arrest and detain Mr. Cheriyan J. Kappen President of the Congress in the hope that such an action would deter such organisations from open defiance of the law.

R. O. C. No. 14082/46/Devpt. NOTIFICATION.

As it has come to the notice of Government that a rogue tusker elephant is roaming about the lands on the 3rd mile of Vithural Bonacard Estate road and reserves in the vicinity in the Neyyattinkara Range, Southern Division causing serious damages to cultivation and as it is reported that the animal is a real menace to life and property, permission is granted to shoot and kill the animal.

Any one wishing to shoot the animal should address the Divisional Forest Officer, Southern Division and obtain his written sanction before hand.

Any person shooting and killing the animal should report the fact to the nearest Forest or Police Officer and hand over to such officer the tuske and teeth of the animal on proper receipt.

An approximate description of the animal is given below for identification. The description is given as correctly as could be ascertained.

Huzur Cutcherry,
Trivandrum, 29th October 1946.

(1) Sex —Male
(2) Height —about 11 ft.
(3) Tusks —Short, thick and stumpy.
(4) Tail —Short and bristleless.
(5) Foot —Hind right leg swollen—about 48 in. in circumference.

Remarks:—The animal is roaming about the Bonacard Estate and the Reserves in the vicinity doing great damage to cultivation.

R. O. C. No. 1480/46/Army. CIRCULAR.

Consequent on the promulgation of Martial Law in the taluks of Ambalapuzha and Shertallai, the following instructions are issued for the guidance of officers and subordinates of all Civil Departments :—

1. Officers and subordinates of Civil Departments within the Martial Law Area will consider themselves to be under the orders of the Officer Commanding the concerned area and they will take instructions from the concerned military authority in all matters within the Martial Law Area.

2. Heads of Departments proceeding for work in the two taluks strictly observe the above instructions and they will also instruct their subordinate officers and staff working in the area to abide by the orders issued by the Commanding Officer in all matters.

3. Essential Service Departments such as Transport, Anchal, Food etc., will strictly conform to the above directions.

4. Departments having control over private organisations or associations looking after essential services of public importance like common carriers, motor vehicles, motor boats, etc., will direct them to carry out their Essential Work in consultation with and under the control of the military authorities in the Martial Law Area.

5. In all cases of doubt, the Civil Officers concerned will refer the matter to the military authority in the area and abide by their decisions.

Huzur Cutcherry,
Trivandrum, 29th October 1946.

R. O. C. No. 2182/44/Legis.

NOTICE.

The public are hereby informed that the Travancore Trade Marks Act as amended by Act II of 1122 will come into force on the 1st November 1946. The amendments have become necessary as the result of reciprocal arrangements which have been arrived at between British India and a few other Indian States. The practical importance of the reciprocal arrangements is that a mark which is registered in Travancore State will be effective in British India and those Indian States in which there is a Trade Marks Act so that it is unnecessary for the proprietor of a trade mark in Travancore State who has registered his mark in the Trade Marks Registry at Trivandrum to register it again in other territories in India.

Proprietors of trade marks should make arrangements for filing applications for the registration of their trade marks as soon as the Trade Marks Act comes into operation. If applications are made between the 1st November 1946 and 1st February 1947, they will avail themselves of the concessions in fees. In respect of marks relating to non-textile goods, the fee for application for registration is Rs. 10 and for registration Rs. 20. In respect of marks relating to textile goods the fees are as follows :—

	Application. Rs.	*Registration.* Rs.
For marks consisting exclusively of letters or numerals or any combination thereof	3-0-0	2-0-0
For marks consisting exclusively of a word or words (not being an invented word or words)	7-8-0	7-8-0
For other marks	10-0-0	20-0-0

These fees, however, will be chargeable only if the application is made before the 1st February 1947. After that date the fee for all applications will be Rs. 30 and for registration Rs. 60. It is therefore essential, if the public desire to avail themselves of the concession in fees, that they should file their applications as soon as possible in the Trade Marks Registry, Trivandrum.

The Trade Marks Act provides for penalties if a proprietor states that his mark is registered when in fact it is not. Although application for registration may be made before the 1st January 1947, it may take some time before the mark is registered. It is, however, provided in the Act that if an application for registration has been made before the 1st January 1947, then although the application may be pending in the Registry even after the 1st January 1947, the proprietor may continue to use the word "Registered" in respect of the mark up to the time the application is finally disposed of. If, however, the application for registration is refused, it will not be possible for the applicant to state that the mark is registered. The exemption in the Trade Marks Act is, however, applicable only in respect of applications for registration which are made before the 1st January 1947. It is therefore desirable that the applications for registration should be made before that date.

Application forms can be had from the Registrar of Trade Marks, Trivandrum, and any enquiry with regard to the procedure under the Trade Marks Act for the purpose of making applications, &c., may be addressed to him.

Proprietors of trade marks will note that the safest course for them to adopt is to make applications for the registration of their trade marks as soon as the Travancore Trade Marks Act comes into operation.

ELECTRICAL DEPARTMENT

TRAVANCORE ELECTRICITY DEPARTMENT,
FORM No. 83.

Notice inviting Tenders for work.

Sealed tenders are invited for the following work:—

Name of work:—P. H. E. Project (C. W.)—Madupatty Dam—App. B2 (iv)—Dismantling the existing General Store Building at Setuparvatipuram and re-erecting the same at Madupatty.

Locality:—Madupatty.

1. The items and sub-heads of works to be done are enumerated in the subjoined schedule. Unless otherwise specified, the tender must be for the whole or any individual work and part tenders are liable to rejection. A contractor may tender for more than one work with the earnest money deposit specified in each case, but shall not tender for any part of a work only, unless specifically so required.

2. All works shall be done in conformity with the specifications and conditions of contract in force in Travancore P. W. D. Tenderers must quote their own rates specifically for each item without reference to the Departmental estimates or the current schedule of rates; the rates quoted shall be inclusive ones, covering all the operations contemplated in the specifications and tender schedules and all incidental work necessary for such operations, such as shoring, baling, form work, scaffolding, etc.

3. Tenders sealed and endorsed as such with the name of the work clearly written thereon should be delivered at the office of the Division, Officer, Dams Division, Madupatty before 3 P. M. on or before the 18th Thulam 1122. They will be opened at the office of delivery by the undersigned or such officer as may be authorised in this behalf in the presence of such of those tenderers or their authorised agents as may be present. The total amount of each tender will be read out, the tender and all corrections in the tender will be attested by the tender opening officer with dates and initials and by the tenderer, if present. A list of corrections which remain unattested by

the tenderer will be made out and pasted to each tender. Details of individual rates will be treated as confidential and will not be read out. Each tender should be accompanied by cash or a chalan receipt for an earnest money deposit of Rs. 200 in a Travancore Government Treasury. Tenders not accompanied by such deposit or receipt will not be considered. Contractors who have deposited permanent earnest money of Rs. 500 in this Division need not do this.

4. The tender will be considered firm for acceptance for a period of 1 month from the date of opening the tenders and the tenderers will not be free to withdraw or modify their tender within this period, or till after they are decided, whichever is earlier, except on pain of forfeiture to Government of the earnest money deposited.

5. Before commencing work or within a week after the date when the acceptance of his tender has been intimated to him, the tenderer shall deposit a sum sufficient to make up the balance of 5 per cent of the probable value of contract, which together with the amount of earnest money deposited shall be treated as security for the proper fulfilment of the same, and he shall execute an agreement for the work in the P. W. D. Schedule Form. If he fails to do this or to start work immediately after signing the agreement, or in the case of P. W. contracts maintain a minimum specified rate of progress, (to be specified in each case in the Tender Schedule) the earnest money and security deposit shall be forfeited to Government and fresh tenders shall be called for or the matter otherwise disposed of. If as a result of such measure due to the default of the tenderer to pay the requisite deposit sign contracts or take possession of the work, any loss to Government results, the same will be recovered from him as arrears of revenue, but should it be a saving to Government the original contractor shall have no claim whatever to the differences. Recoveries on this or any other account will be made from the sums that may be due to the contractor on this or any other subsisting contracts or under the Revenue Recovery Act, or otherwise as the Government may decide.

6. The acceptance of the tender rests with the Executive Engineer, Dams Division, Madupatty who does not undertake to accept the lowest or any particular tender.

7. The right to carry out the work either in conformity with or in a manner entirely different from the terms of this invitation that may be considered most suitable subsequent to the receipt of tenders due to exigencies of works, is reserved with the Department.

8. Drawings, schedule of quantities, specification of work to be done and condition of contract to be entered into, can be seen at the office of the undersigned or of the S. D. O. Construction, Madupatty on any working day during office hours, or purchased from the Executive Engineer's Office, Madupatty on payment of a cost of B. Rs 2 per set. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of the schedule, that the schedule is liable to alteration by omissions, deductions, or additions at the discretion of the competent Departmental Officer or as set forth in the conditions of contract. The tenderer will however base his tender amount in the case of lump sum tender, on the basis of these quantities etc.

9. Departmental forms of tender and general specifications can be obtained from the office of the undersigned at a cost of Bh. Rs. 2 each. Tenders not submitted in such forms or submitted incomplete in any respect whatever, such as unattested errors and corrections in rates, quantities, units or amounts, figures not expressed in words, total of contract not entered etc. shall be liable to summary rejections.

10. The earnest money deposit of the unsuccessful tenderer will be refunded as soon as possible after the tenders are disposed of.

11. Solicitor's fee if any should be paid to the Law Officers of Government for scrutinising or drawing up of agreements, will be paid and recovered from the successful tenderer.

12. Tenderers must also state in their tenders if they are prepared to carry out at their tendered rates such portion or portions of the work as may finally be allotted to them by the officer deciding tenders.

13. Any further information necessary can be obtained at the office of the undersigned on all working days during office hours.

14. The work should be completed in all respects in two months from the date the order to start work is issued

15. No authorised variation shall vitiate the contract that additions and omissions shall be measured up and dealt with as under.—

(a) In case final measurements are claimed, they shall be taken only for those items for which either the contractor or the Executive Engineer claims final measurements and the quantities of the remaining items in Schedule shall be accepted as correct. The lump sum amount mentioned in the agreement will then be varied by adding thereto and deducting therefrom as the case may be the difference (if any) between the amounts mentioned in Schedule for such items and the amounts arrived at by calculation at contract rates based on the revised quantities for the same obtained by the final measurements aforesaid.

(b) If there is no rate in Schedule for additional work ordered to be carried out by the Executive Engineer, then prior to execution of the additional work, a rate for the additional work shall be agreed upon, entered on a supplemental slip signed and dated by the contractor and the Executive Engineer (or the higher sanctioning authority as the case may require) and this supplemental slip shall be attached to the agreement. A copy of this supplemental slip shall also be given to the contractor.

(c) In the event of the Executive Engineer and the contractor failing to agree on a rate for such additional work, then the Executive Engineer may, at his option, either :—

(i) employ other parties to carry out the additional work and send workmen upon the premises to execute fittings and other works not included in the contract, for whose operations the contractor is to afford every reasonable facility during ordinary working hours, provided that such operations shall be carried on in such a manner as not to impede the progress of the work included in the contract. But the contractor is not to be responsible for any damage which may happen to or be occasioned by any such fittings or other works, provided he complies with the Executive Engineer's instructions in connection therewith, and provided that the damage is not caused by himself or his workmen.

The contractor shall, at all times, co-operate, assist, attend on, and afford facilities for such specialists as may be employed by the Executive Engineer on other works in connection with the building, allowing them, free of charge, the use of all plant, light and water installed in the works. The contractor shall also case such special work or protect it as instructed, to avoid injury during progress of the works. For failure to so protect, the contractor must make good any damage caused, or

(ii) the contractor shall execute the work upon written orders from the Executive Engineer and the cost of the labour and materials plus 10 per cent thereon shall be allowed therefor provided that the vouchers for the labour and materials employed shall have been delivered to the Executive Engineer or his representative within seven days after such work shall have been completed. If the Executive Engineer considers that payment for such work on the basis of the vouchers presented is unduly high, he shall make payment in accordance with such valuation as he considers fair and reasonable and his decision in the matter shall be final if the amount involved in the additional payment is Rs. 1,000 or less, for each occasion on which such additional works shall have been authorised. If such amount exceeds Rs. 1,000 the contractor shall have the right to submit the matter to arbitration under the provisions of the arbitration clause hereunder.—

Arbitration.—In case of any dispute or difference between the parties to the contract either during the progress or after the completion of the works or after the determination, abandonment or breach of the contract, as to the interpretation of the contract, or as to any matter or thing arising thereunder (except as to the matters left to the sole discretion of the Executive Engineer under the clauses of this Preliminary Specification), or as to the withholding by the Executive Engineer of any bill to which the contractor may claim to be entitled, then either party shall forthwith give to the other notice of such dispute or difference, and such dispute or difference shall be and is hereby referred to the arbitration of the Electrical Engineer or in the case of contracts entered into by the Electrical Engineer, any officer of Government appointed in this behalf for the case in dispute and the award of the Electrical Engineer or such other officer shall be final and binding on the parties. Progress of the work shall not be suspended or delayed because of reference of any dispute or difference to arbitration and the Executive Engineer's decision on such dispute or differences shall be conclusive until reversed by the Electrial Engineer. The

Electrial Engineer or such other officer as aforesaid shall not be required to hear or receive formal evidence, and shall have power to view the subject matter of the disputes with or without the parties or their agents. The Electrical Engineer shall have power to open up, review and revise any certificate, opinion, decision, requisition or notice, save in regard to the matters expressly excepted and to determine all matters in dispute which shall be submitted to him, and of which notice shall have been given as aforesaid, in the same manner as if no such certificate opinion, decision, requisition, or notice had been given. Upon every or any such reference the cost of and incidental to the reference and award respectively, shall be in the discretion of the Electrical Engineer, who may determine the amount thereof, or direct the same to be taxed as between solicitor and client or as between party and party and shall direct by whom and to whom and in what manner the same shall be borne and paid.

Provided that Government shall not be liable in any claim in respect of any such dispute or difference until the liability and the amount thereof shall have been referred to and decided by the Electrical Engineer.

(d) If in the opinion of the Executive Engineer, a rate for the additional work is not capable of being properly arrived at prior to execution of the work, or if the work is not capable of being properly measured, then the cost and payment thereof shall be dealt with as provided in the preceding clause c (ii).

16. The contractor shall not without the previous sanction in writing of the authority accepting the tender, execute any power of attorney in respect of any matter, touching this contract, and any such power of attorney executed without such sanction shall not be recognised by or be binding upon Government or their officers. It shall be entirely within the discretion of the authority accepting the tender either to grant such sanction or to refuse it or to revoke a sanction once given.

17. Cement and M. S. rods for reinforcement required for the work will be supplied departmentally at Sub-Stores, Madupatty and their value recovered at Rs. 110 per ton of cement and Rs. 20 per Cwt. of M. S Rods. Cement and rods so issued shall remain the property of Government though in contractor's custody and shall not be removed from the stores at worksite except under written authorisation by a competent authority.

18. The contractor will be exempted from payment of seigniorage for rubble and metal quarried from P. W. D. quarries exclusively for P. W. D. works If the P. W. D. quarries are not situated within a convenient distance from the site of the work, the contractor's quoted rates shall be inclusive of seigniorage, ground-rent etc. that may be payable to the owners of private quarries.

19. In making payment the total amount of the bill will be rounded off correct to the nearest rupee if the amount is above Rs. 25 and to the nearest chuckram if the amount is below Rs. 25.

20. Any or extra items done without the written authority of a departmental Officer, not below the rank of Section Officer will not be paid for.

21. Value of quantities of departmental materials issued for the work unaccounted for by the contractor will be recovered from him at book value plus 20 per cent storage value or the current market value whichever is higher. Market value will be the retail selling price of the material in the locality of the work or the nearest market town, current on the day of issue. The Executive Engineer shall obtain this information and record it for reference within 7 days of such issue sending a copy to the contractor. The decision of the Electrical Engineer regarding current market rates shall be final and binding on the contractor.

22. Tenders which are not in conformity with this tender notice are liable to rejection.

23. This tender notice with the conditions stated herein will form part of the contract documents.

22nd Chingom 1122.

TRAVANCORE ELECTRICITY DEPARTMENT.

NOTICE INVITING TENDERS FOR WORK.

(Sealed tenders are invited for the following work).

Name of work:—66 K. V. Double circuit line from Kundara to Trivandrum—Supply of materials for the concrete footings of PA, QA, and RA type towers.

Locality :—(Places to be ascertained from the office of the undersigned) (From Kundara to Trivandrum.)

All works shall be done in conformity with the specifications and conditions of contract in force in Travancore P. W. D. Tenderers must quote their own rates specifically for each item, without reference to the Departmental Estimates, or the current schedule of rates; the rates quoted shall be inclusive ones, covering all the operations contemplated in the specifications and tender schedules and all incidental work necessary for such operations such as storing, transporting from place to place etc.

Tenders sealed and endorsed as such with the name of the work clearly written thereon should be delivered at the office of the Executive Engineer, Construction Division, Trivandrum, before 3 P. M. on or before 23rd Thulam 1122/9th November 1946. They will be opened at the office of delivery by the undersigned or such Officer as may be authorised in this behalf, in the presence of such of those tenderers or their authorised agents as may be present. The total amount of each tender will be read out, the tender and all corrections in the tender will be attested by the tender-opening Officer with dates and initials and by the tenderer if present. Each tender should be accompanied by cash or a Chalan Receipt for an earnest money deposit of B. Rs 100 in a Travancore Government Treasury. Tenders not accompanied by such deposit or receipt will not be considered. This applies to contractors who have deposited permanent earnest money in P. W. D. also.

The tender will be considered firm for acceptance for a period of 3 weeks from the date of opening tenders, and the tenderers will not be free to withdraw or modify their tenders within this period, after they are decided which ever is earlier except on pain of forfeiture to Government of the earnest money deposited.

Before commencing work or within a week after the date when the acceptance of his tender has been intimated to him the tenderer shall deposit a sum sufficient to make up the balance of 5 % of the probable value of contract, which together with the amount of earnest money deposited shall be treated as security for the proper fulfilment of the same, and shall execute an agreement for the work in the P. W. D. Schedule form.

The acceptance of the tender rests with the Executive Engineer, Construction Division, Trivandrum, who does not undertake to accept the lowest or any particular tender.

The right to carry out the work either in conformity with or in a manner entirely different from the terms of this invitation, that may be considered most suitable subsequent to the receipt of tenders due to exigencies of work, is reserved with the Department. Departmental forms of tender and general specifications can be obtained from the office of the undersigned at a cost of 4 ch. each. Tenders not submitted in such printed forms shall be liable to summary rejection.

The earnest money deposit of the unsuccessful tenderer will be refunded as soon as possible after the tenders are disposed of. Excess up to 25 per cent. of the schedule quantities should be done by the contractor at this agreed rates.

Any further information necessary such as exact place of the supply of materials etc. can be obtained at the office of the undersigned on all working days during office hours.

Probable amount of contract Rs. 3320.

FOREST DEPARTMENT

TENDER NOTICE

Notice inviting tenders for the collection and delivery of teak logs and saplings from the Malayattur Plantations during 1122 M. E.

1. Separately tenders are hereby invited for the undernoted works:—

(i) Collection and stacking on the river side of teak logs and saplings lying thinned during 1121 in the Perumthode Plantations as per schedule noted below:—

(ii) Transport of the above logs and saplings selected by the Electrical Department from the stacking site at the river side in the plantations to Vadakkempalli Ascu Plant including hauling and of the rest of the timber from the stacking site to Mudical and Varapuzha Depots including hauling before the end of 1122.

2. Tenders for collection and stacking should clearly state the Kolevila required per c. ft. of teak logs and per sapling of the first four classes stacked at the river side. Tenders for transport from stacking site should likewise state the Kolevila required per c. ft. of teak logs and per sapling of the first four classes transported to Vadakkampalli and Depot and the percentage of sale proceeds limited to fixed rate for those sold for less than the tariff rates. Rates should be separate for (i) Delivery at Vadakkampalli Ascu Plant and (ii) Mudical and Varapuzha Depots.

3. Tenders should be addressed to the Divisional Forest Officer, Malayattur Division, Malayattur in sealed covers superscribed (i) "Tenders for the collection and stacking of teak on the river side from the plantations" (ii) "Transport of teak logs and saplings to the Depots etc." Tenders should be registered when sent by Anchal or Post. Defective tenders will not be accepted.

4. Each tender should be accompanied by an earnest money of B. Rs. 200 without which no notice will be taken of the tender. No earnest money in cash shall be enclosed with the tender, but only crossed draft or cheque.

5. Tenders should reach the Divisional Forest Officer, Malayattur before 4 P. M. on 21st Thulam 1122/7th November 1946. They will be opened by the Divisional Forest Officer at Malayattur at 4 P. M. on the same day when the tenderers or their representatives are invited to be present to scrutinise the several competitive offers received.

6. The lowest tender will be accepted provided the character and financial status of the tenderer be found satisfactory, but the Divisional Forest Officer reserves to himself the right of accepting or rejecting any tender without assigning any reason. The acceptance of the tender is subject to the approval of the Conservator of Forests. The tender cannot be withdrawn before the final decision of its acceptance.

7. The earnest money of the unsuccessful tenderers will be returned to them directly their tenders have been disposed of and that of the successful tenderer soon after the agreement referred to in para 8 is executed.

8. The successful tenderer will have to execute an agreement on stamped paper within 15 days from the date of communication of the acceptance of his tender and before signing it he will have to deposit in the Treasury a security as noted in the schedule.

9. Should the successful tenderer fail to act in accordance with the terms laid down in clause 8 *supra* or should he withdraw his tender before final decision of its acceptance, his earnest money will be credited to Government and he will be held responsible for any loss Government sustain by calling for tenders for a second time, but will have no claim for the gain if any. The loss incurred by Government should be paid by the defaulting tenderer within a fortnight from the date of receipt of the registered notice from the Divisional Forest Officer demanding payment failing which it will be treated as arrears of Land Revenue and recovered from him under the provisions of Revenue and recovery Act in force in Travancore or by other means.

10. All the sound and saleable logs and saplings lying felled shall be collected and stacked or delivered at the Depots as the case may be according to the urgency of the Department. For any log or sapling not stacked or delivered within such period as prescribed by the Department according to urgency the contractor will be fined at the rate of 1 chuckram per c. ft. per log or sapling as the case may be.

11. Petitions modifying the tendered rates subsequently after opening tenders will not be considered.

12. The agreement to be executed by the successful tenderer can be seen in the Divisional Forest Office, Malayattur.

Further particulars can be had from the Teak Plantation Officer, Perumthode.

TENDER NOTICE.

Regarding Exploitation of Timbers from the Southern Forest Division.

Tenders are hereby invited for working down 2000 cft. of teak and junglewood timbers from about 26 acres selected for Coppice Coupe at Mukkunni in the Neyyattinkara Range to the Town Depot, Trivandrum, subject to the following conditions.

2. Tenders should clearly state (i) the kolevila required per cubic foot of timbers selling at and above tariff value and (ii) the percentage of the sale proceeds limited to fixed kolevila for those selling below tariff.

3. Tenders should be addressed to the Divisional Forest Officer, Southern Division in sealed covers superscribed "Tenders for the collection and delivery of............ timbers from .... to ....Depots" Tenders should be registered when sent by Anchal or Post.

4. Each tender should be accompanied by a sum of B. Rs. 50 without which no notice will be taken of the tender.

5. Tenders should reach the Divisional Forest Officer before 1 P. M. on 18th Thulam 1122/4th November 1946. They will be opened by the Divisional Forest Officer in his office at Trivandrum at 2 P. M. on the same day in the presence of such of the tenderers as may choose to be present on the occasion.

6. The lowest tender will be accepted provided the character and financial status of the tenderer be found satisfactory, but the Divisional Forest Officer, reserves to himself the right of accepting or rejecting any tender without assigning any reason therefor. The acceptance of the tenders is subject to the approval of the Conservator of Forests. The tender cannot be withdrawn before the final decision of its acceptance.

7. The successful tenderer will have to execute an agreement on an 8 anna stamp paper within 10 days from the date of communication of the acceptance of his tender and before signing it, he will have to deposit in the Treasury as security, the amount at 3 cash per cubic foot pledging the security to the Divisional Forest Officer. On production of the chalan receipt in support of the remittance of the security, the earnest money paid with the tender will be arranged to be refunded. The earnest money of the unsuccessful tenderer will be returned to them immediately their tenders are disposed of.

8. Should the tenderer withdraw his tender before the final decision of its acceptance or should he fail to act up in accordance with the terms laid down in para 7 *supra* his earnest money will be credited to Government and he will be held responsible for any loss Government must sustain by calling for tenders for a second time or for making other arrangements for the work but will have no claim over the gain, if any. The loss incurred by Government should be paid by the defaulting tenderer within a fortnight from the date of registered notice from the Divisional Forest Officer demanding payment failing which it will be treated as arrears of land revenue and recovered from him under the provisions of Revenue Recovery Act in force in Travancore.

9. As the area has to be converted into a coppice coupe the stumps of the trees felled by the contractor should be coppiced properly by the contractor as per the direction of the Range Officer concerned.

10. The logs collected by the contractor should be removed outside the area within one month from date of the order positively and a further period of two months will be given for transporting the logs stacked outside the area to the Depot.

11. The draft copy of the terms of the agreement to be executed by the successful tenderer can be seen in the Divisional Forest Office.

Further particulars can be had from the office of the undersigned.

N. B:—Teak logs of and above 30 in. in girth and junglewood logs of and above 36 in. in girth need alone be worked down to the Depot. The seigniorage value of vakkas as per rules of the Department will be recovered from the Kolevila due to the Contractor when payments are made.

Tenderers will quote rates for local stacking and delivery at the Depot of such Jungle Wood logs as may be marked to them from the Plantation.

3. Tenders should be addressed to the Divisional Forest Officer, Malayattur Division, Malayattur in sealed cover superscribed "tenders for the collection and delivery of teak logs and firewood from the Malayattur Plantations during 122".Tenders should be registered when sent by Anchal or Post.

4. Each tender should be accompained by the earnest money of B. Rs. 200 without which no notice will be taken of tender. No earnest money in cash shall be enclosed with the tender but only crossed draft or cheque.

5. Tenders should reach The Divisional Forest Officer, Malayattur Division before 4 P. M. on 21st Thulam 122. They will be opened by the Divisional Forest Officer in his Office at Malayattur at 4 P. M. on the same day when the tenderers or their representatives are invited to be present to scrutinise the several competitive offers received.

6. The lowest tender will be accepted provided the character and financial status of the tenderer be found satisfactory, but the Divisional Forest Officer reserves to himself the right of accepting or rejecting any tender without assigning any reason. The acceptance of the tender is subject to the approval of the Conservator of Forests. The tenders cannot be withdrawn before the final decision of its acceptance.

7. The earnest money of the unsuccessful tenderers will be returned to them directly their tenders have been disposed of and that of the successful tenderer soon after the agreement referred to in para 8 is executed.

8. The successful tenderer will have to execute an agreement on stamped paper witin 15 days from the date of communication of the acceptance of his tender and before signing it he will have to deposit a security of one chuckram per c. ft. in the Treasury.

9. Should the successful tenderer fail to act up in accordance with the terms laid down in clause 8 supra or should he withdraw his tender before final decision of its acceptance, his earnest money will be credited to Government and he will be held responsible for any loss Government may sustain by calling tenders for a second time but will have no claim for the gain if any. The loss incurred by Government should be paid by the defaulting tenderer within a fortnight from the date of receipt of a registered notice from the Divisional Forest Officer demanding payment failing which it will be treated as arrears of land revenue and recovered from him under the provisions of the Revenue Recovery Act in force in Travancore or by other means.

10. All logs of and above 30 inches midgirth obtainable from the girdled trees and fit for depot delivery should be worked down to the depots.

11. All saleable logs below 30 inches midgirth obtainable from the fellings and conversions should be stacked in convenient places on the road sides or river bank as the case may be as required by the Divisional Forest Officer or the teak plantation officer for local sale.

12. Top ends and butt ends should also be stacked in stacks of 81 C. ft. for local sale.

13. Since the trees to be felled are girdled ones due precautions should be taken by the contractor during felling to prevent splitting.

14. The agreement to be executed by the successful tenderer can be seen in the Divisional Forest Office, Malayattur.

For further particulars apply to the Office of the undersigned at Malayattur or to the Teak Plantation Officer, Perumthode.

MEDICAL AND PUBLIC HEALTH DEPARTMENTS

NOTIFICATION.

1. A class for the training of female candidates in nursing will be conducted in the General Hospital, Trivandrum, from the 20th Vrischigom 1122. The course will cover a period of four years viz., three years in general sick nursing and one year in midwifery.

2. Ten candidates will be admitted to the class. Candidates should apply to the Surgeon General before the 1st Vrischigom 1122 in the prescribed form herewith appended. A selection board consisting of the Surgeon General, the Public Service Commissioner and the Matron Superintendent, Nursing Class, will select suitable candidates from among the applicants.

3 (a) Candidates must have completed 17 years of age at the time of application but should not exceed 23 years.

(b) They must have passed at least the E. S. L. C. Examination; but candidates who have completed or passed the Intermediate course with science as optional will be preferred.

(c) Married women will not be admitted unless they are widows or have obtained a judicial separation or divorce from their husbands.

4. Applications must be accompanied by—

(i) two character certificates—one from the Head of the School or College in which she has last studied and the other from a respectable person,

(ii) certificate of re-vaccination,

(iii) a physical fitness certificate from a Medical Officer not below the rank of an Assistant Surgeon, and

(iv) certificates of educational qualification and age.

5. Selected candidates will be required to undergo inoculation for enteric fever etc.

6. On selection the candidates will be admitted to a preliminary course of three months and those who do not pass an examination held after three months or are found unsuitable in any way will be rejected from the class.

7. Candidates shall not marry during the period of study or during the period of compulsory service.

8. The selected candidates who pass the preliminary examination will be required to enter into an agreement with the Government to remain in service for a minimum period of seven years after the completion of training of four years in conformity with the service rules then in force.

9. Selected candidates will be required to live in the quarters provided for them and they will be under the disciplinary control of the Matron Superintendent and the Assistant Matron.

10. Selected candidates will be given free boarding not exceeding Rs. 25 in addition to pocket money of Rs. 6 each per mensem. They will be given three sets of Uniform every year.

11. Those who resign during the course of study or within the first seven years of service will have to pay a penalty to be fixed by Government according to the merits of the case.

12. No pupil Nurse who has been discharged for misconduct or inefficiency shall be re-admitted or re-employed in any of the Government Hospitals of the State.

13. Pupil Nurses while on duty shall wear the prescribed white uniforms supplied to them. They will be allowed dhoby charges at Rs. 1 1/2 per mensem.

14. (a) of the four years course of training, three years will be devoted to general sick nursing including medicine, surgery and Gynaecology as per syllabus of studies and special subjects on Eye diseases etc., and one year to Midwifery.

(b) at the end of three years of study the pupils will be required to pass an examination in sick nursing, Surgery, Medicine, dietetics, laboratory work, operation, Theatre Equipments etc., conducted by the Travancore Board of Examiners and for the pupils who pass a certificate will be issued as "Certified Nurse".

These certified Nurses will then be required to attend a recognised Maternity Hospital for one year to undergo practical and theory course in Obstetrics. An examination in Midwifery will be conducted after the completion of one year and those who pass will be given a certificate in Midwifery and a Diploma as fully "Qualified Nurse".

15. Candidates who fail in the final examination shall be re-examined after a further study of three months.

16. Candidates are eligible for 15 days general leave and 14 days casual leave in a year and they will be permitted to avail the Onam, Christmas and other holidays at the discretion of the Matron Superintendent.

17. The Surgeon General has the power subject to the approval of Government add to or amend these rules in such manner as he may consider necessary.

TRIVANDRUM DRAINAGE SCHEME

INTERCEPTING SEWERS AND BRANCHES.

The Trivandrum Drainage Scheme is put in hand and the laying of the Sewers is in progress. Many of the Sewer lines have either to be taken along public roads or have to cross them in places. For this purpose trenches varying from 4 to 15 ft. in depth have to be cut on such roads to lay Sewer pipes. All possible measures will be taken to minimise the inconvenience to traffic. However there are portions of roads to be unavoidably closed for through traffic in laying Sewers. Such portions will be indicated with cross fences and notice boards, danger lights etc., at the nearest junctions for diverting the traffic. Also there are roads where Sewer lines have to be taken along a side and such portions will be fenced and caution boards put up wherever required indicating that wheeled traffic and pedestrians have to move with great care on such roads. All possible arrangements will also be made for persons who have to cross the trenches. While taking all possible precautionary measures by this Department, the full co-operation of the public is invited.

NOTICE INVITING TENDERS FOR WORK.

SEALED TENDERS ARE INVITED FOR THE FOLLOWING WORK.

NAME OF WORK—Bitumen semi grout surfacing the main roads first mile Alwaye Vergolu Road.

1. The items and sub-heads of works to be done are enumerated in the sub-joined schedule. Unless otherwise specified the tender must be for the whole or any individual work and part tenders are liable to rejection. A contractor may tender for more than one work with the earnest money deposit specified in each case, but shall not tender for any part of a work only, unless specifically so required.

2. All works shall be done in conformity with the specifications and conditions of contract in force in Travancore P. W. D. Tenderers must quote their own rates specifically for each item, without reference to the departmental estimates or the current schedule of rates; the rates quoted shall be inclusive ones, covering all the operations contemplated in the specifications and tender schedules and all incidental work necessary for such operations such as shoring, baling, formwork, scaffolding etc.

3. Tenders sealed and endorsed as such with the name of the work clearly written thereon, should be delivered at the office of the Division Officer, Alwaye before 4 P. M. on or before 29th Thulam 1122. They will be opened at the office of delivery by the undersigned or such officer as may be authorised in this behalf, in the presence of such of those tenderers or their authorised agents as may be present. The total amount of each tender will be read out, the tender and all corrections in the tender will be attested by the tender-opening officer with dates and initials and by the tenderer, if present. A list of corrections which remain unattested by the tenderer will be made out and pasted to each tender. Details of individual rates will be treated as confidential and will not be read out. Each tender should be accompanied by cash or a chalan receipt for an earnest money deposit of Bh. Rs. 500 in a Travancore Government Treasury. Tenders not accompanied by such deposit or receipt will not be considered. Contractors who have deposited permanent earnest money and have secured exemption from individual payments, need not do this, except when special earnest money is asked to be deposited.

4. The tender will be considered firm for acceptance for a period of four months from the date of opening the tenders or till .... 1122 and the tenderers will not be free to withdraw or modify their tender within this period, or till after they are decided, whichever is earlier, except on pain of forfeiture to Government of the earnest money deposited.

5. Before commencing work or within a week after the date when the acceptance of his tender has been intimated to him, the tenderer shall deposit a sum sufficient to make up the balance of 5 per cent of the probable value of contract, which together with the amount of earnest money deposited shall be treated as security for the proper fulfilment of the same and shall execute an agreement for the work in the P. W. D. Schedule Form. If he fails to do this or to start work immediately after signing the agreement, or in the case of P. W. contracts, maintain a minimum specified rate of progress (to be specified in each case in the Tender Schedule) the earnest money and security deposit shall be forfeited to Government and fresh tenders shall be called for or the matter otherwise disposed of. If as a result of such measures due to the default of the tenderer to pay the requisite deposit, sign contracts or take possession of the work, any loss to Government results, the same will be recovered from him as arrears of revenue; but should it be a saving to Government, the original contractor shall have no claim whatever to the difference. Recoveries on this or any other account will be made from the sums that may be due to the contractor on this or any other subsisting contracts or under the Revenue Recovery Act, or otherwise as the Government may decide.

6. The acceptance of the tender rests with the Chief Engineer; who does not undertake to accept the lowest or any particular tender.

7. The right to carry out the work either in conformity with or in a manner entirely different from the terms of this invitation, that may be considered most suitable subsequent to the receipt of tenders due to exigencies of work, is reserved with the Department.

8. Drawings, schedule of quantities, specifications of work to be done and conditions of contract to be entered into, can be seen at the office of the undersigned and/or of the Alwaye Assistant Engineer on any working day during office hours. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of the schedule that the schedule is liable to alteration by omissions, deductions, or additions at the discretion of the competent Departmental Officer or as set forth in the conditions of contract. The tenderer will however base his tender amount in the case of lump sum tender, on the basis of these quantities etc.

9. Printed Departmental forms of tender and general specifications can be obtained from the office of the undersigned at a cost of four chuckrams each. Tenders not submitted in such printed forms, or submitted incomplete in any respect whatever such as unattested errors and corrections in rates, quantities, units, or amounts, figures not expressed in words, totals of contract not entered etc., shall be liable to summary rejection.

10. The earnest money deposit of the unsuccessful tenderer will be refunded as soon as possible after the tenders are disposed of.

11. Solicitors' fee if any should be paid to the Law Officers of Government for scrutinising or drawing up of agreements, will be paid and recovered from the successful tenderer.

12. Tenderers must also state in their tenders if they are prepared to carry out at their tendered rates such portion or portions of the work as may finally be allotted to them by the officer deciding tenders.

13. Any further information necessary can be obtained at the office of the undersigned on all working days during office hours.

14. The work should be completed in all respects in six, months from the date the order to start work is issued, and in any case not later than 1122

15. No authorised variation shall vitiate the contract, but additions and omissions shall be measured up and dealt with as under —

(a) In case final measurements are claimed they shall be taken only for those items for which either the contractor or the Executive Engineer claims final measurements and the quantities of the remaining items in Schedule shall be accepted as correct. The lump sum amount mentioned in the agreement will then be varied by adding thereto or deducting therefrom as the case may be, the difference (if any) between the amounts mentioned in schedule for such items and the amounts arrived at by calculation at contract rates based on the revised quantities for the same, obtained by the final measurements aforesaid.

(b) If there is no rate in Schedule for additional work ordered to be carried out by the Executive Engineer then, prior to execution of the additional work, a rate for the additional work shall be agreed upon entered on a supplemental slip signed and dated by the contractor and the Executive Engineer (or the higher sanctioning authority as the case may require) and this supplemental slip shall be attached to the agreement. A copy of this supplemental slip shall also be given to the contractor.

(c) In the event of the Executive Engineer and the contractor failing to agree on a rate for such additional work, then the Executive Engineer may, at his option, either:—

(i) employ other parties to carry out the additional work and send workmen upon the premises to execute fittings and other works not included in the contract, for whose operations the contractor is to afford every reasonable facility during ordinary working hours, provided that such operations shall be carried on in such a manner as not to impede the progress of the work included in the contract. But the contractor is not to be responsible for any damage which may happen to or be occasioned by any such fittings or other works, provided he complies with the Executive Engineer's instructions in connection therewith, and provided that the damage is not caused by himself or his workmen.

The contractor shall at all times co-operate, assist, attend on, and afford facilities for such specialists as may be employed by the Executive Engineer on other works in connection with the building, allowing them, free of charge, the use of all plant, light and water installed in the works. The contractor shall also case such special work or protect it as instructed, to avoid injury during progress of the works. For failure to so protect, the contractor must make good any damage caused, or

(ii) the contractor shall execute the work upon written orders from the Executive Engineer and the cost of the labour and materials plus 10 per cent. thereon shall be allowed therefor, provided that the vouchers for the labour and materials employed shall have been delivered to the Executive Engineer or his representative within seven days after such work shall have been completed. If the Executive Engineer considers that payment for such work on the basis of the vouchers presented is unduly high, he shall make payment in accordance with such valuation as he considers fair and reasonable and his decision in the matter shall be final, if the amount involved in the additional payment is Rs. 1,000 or less, for each occasion on

which such additional works shall have been authorised. If such amount exceeds Rs. 1,000 the contractor shall have the right to submit the matter to arbitration under the provisions of the arbitration clause hereunder:—

Arbitration:—In case of any dispute or difference between the parties to the contract either during the progress or after the completion of the works or after the determination, abandonment or breach of the contract, as to the interpretation of the contract, or as to any matter or thing arising thereunder (except as to the matters left to the sole discretion of the Executive Engineer under the clauses of this Preliminary Specification), or as to the withholding by the Executive Engineer of any bill to which the contractor may claim to be entitled, then either party shall forthwith give to the other notice of such dispute or difference, and such dispute or difference shall be and is hereby referred to the arbitration of the Chief Engineer or in the case of contracts entered into by the Chief Engineer, any officer of Government appointed in this behalf for the case in dispute and the award of the Chief Engineer or such other officer shall be final and binding on the parties. Progress of the work shall not be suspended or delayed because of reference of any dispute or difference to arbitration and the Executive Engineer's decision on such dispute or differences shall be conclusive until reversed by the Chief Engineer. The Chief Engineer or such other officer and aforesaid shall not be required to here or receive formal evidence, and shall have power to view the subject-matter of the disputes with or without the parties or their agents. The Chief Engineer shall have power to open up, review and revise any certificate, opinion, decision, requisition or notice, save in regard to the matters expressly excepted and to determine all matters in dispute which shall be submitted to him and of which notice shall have been given as aforesaid in the same manner as if no such certificate, opinion, decision, requisition, or notice had been given. Upon every or any such reference the cost of and incidental to the reference and award respectively, shall be in the discretion of the Chief Engineer, who may determine the amount thereof, or direct the same to be taxed as between solicitor and client or as between party and party and shall direct by whom and to whom and what manner the same shall be borne and paid;

Provided that Government shall not be liable in any claim in respect of any such dispute or difference until the liability and the amount thereof shall have been referred to and decided by the Chief Engineer.

(d) If in the opinion of the Executive Engineer, a rate for the additional work is not capable of being properly arrived at prior to execution of the work, or if the work is not capable of being properly measured, then the cost and payment thereof shall be dealt with as provided in the preceding clause c (ii).

16. The contractor shall not without the previous sanction in writing of the authority accepting the tender, execute any power of attorney in respect of any matter, touching this contract, and any such power of attorney executed without such sanction shall not be recognised by or be binding upon Government or their officers. It shall be entirely within the discretion of the authority accepting the tender either to grant such sanction or to refuse it or to revoke a sanction once given.

17. Cement and M. S. rods for reinforcement required for the work will be supplied departmentally at Alwaye in the Division or Stores and their value recovered at Rs. 80 per ton of cement and Rs. per Cwt. of M. S. Rods. Cement and rods so issued shall remain the property of Government though in contractor's custody and shall not be removed from the stores at work site except under written authorisation by a competent authority.

18. The contractor will be exempted from payment of seigniorage for rubble and metal quarried from P. W. D. quarries exclusively for P. W. D. works. If the P. W. D. quarries are not situated within a convenient distance from the site of the work, the contractor's quoted rates shall be inclusive of seigniorage, ground rent etc., that may be payable to the owners of private quarries.

19. In making payment the total amount of the bill will be rounded off correct to the nearest rupee if the amount is above Rs. 25 and to the nearest chuckrams if the amount is below Rs. 25.

20. When Steam Road Rollers are hired out to contractor, split fuel required for the efficient working of the roller shall be supplied by the contractor. In addition recovery towards roller charges (oils and stores plus staff charges) shall be effected from the contractor at the rate of Rs. 210 per month of 25 working days for the full period the roller is in charge of the contractor including all non-working days. For a period less than a month the rates shall be calculated at Rs. 7 a day the roller is in charge of the contractor including non-working days.

21. For motor roller, the recovery for roller charges, plus fuel oil etc., shall be effected from the contractor at Rs. 10 per 8 hour day. Recovery shall be effected for the full period the roller is in charge of the contractor including non-working days. If the roller is worked for more than 8 hours a day a further charge of Re. 1-4-0 per hour will be made as also all overtime charges to the staff will also be collected.

22. Excess up to 10 per cent of the schedule quantities should be done by the contractor at his agreed rates. But if the excess is over 10 per cent due to *bona fide* changes in design extra rates if any required by the contractor should be asked for within ten days of such excess arising, and settled before hand in writing ; if not the contractor will be paid only his agreed rates whatever the excess may be. Any excess quantity of work or extra items done without the written authority of a departmental officer, not below the rank of a Section Officer will not be paid for.

23. Value of quantities of departmental materials issued for the work unaccounted for by the contractor will be recovered from him at book value plus 20 per cent storage value or the current market value whichever is higher. Market value will be the retail selling price of the material in the locality of the work or the nearest market town, current on the day of issue. The Executive Engineer shall obtain this information and record it for reference within 7 days of such issue sending a copy to the contractor. The decision of the Chief Engineer regarding current market rates shall be final and binding on the contractor.

24. Tenders which are not in conformity with this tender notice are liable to rejection.

25. This tender notice with the conditions stated herein will form part of the contract documents.

Probable amount of contract Rs 21,048.

FORM No. 33.

NOTICE INVITING TENDERS FOR WORK.

Sealed Tenders are invited for the following work.

NAME OF WORK. Trivandrum Drainage Scheme:—Storm water drainage: Constructing arched conduit between Kathapura Street and west street chainage 2480 to 4260.

LOCALITY—Fort, Trivandrum.

1. The items and sub-heads of works to be done are enumerated in the sub-joined schedule. Unless otherwise specified the tender must be for the whole or any individual work and part tenders are liable to rejection. A contractor may tender for more than one work with the earnest money deposit specified in each case, but shall not tender for any part of a work only, unless specifically so required.

2. All works shall be done in conformity with the specifications and conditions of contract in force in Travancore P. W. D. Tenderers must quote their own rates specifically for each item, without reference to the departmental estimates or the current schedule of rates; the rates quoted shall be inclusive ones, covering all the operations contemplated in the specifications and tender schedules and all incidental work necessary for such operations such as shoring, baling, formwork, scaffolding etc.

3. Tenders sealed and endorsed as such with the name of the work clearly written thereon, should be delivered at the office of the Division Officer, Water works and drainage Division Engineer..................before 4 P. M. on or before 15th Thulam 1122. They will be opened at the office of delivery by the undersigned or such officer as may be authorised in this behalf, in the presence of such of those tenderers or their authorised agents as may be present. The total amount of each tender will be read out, the tender and all corrections in the tender will be attested by the tender opening officer with dates and initials and by the tenderer, if present. A list of corrections which remain unattested by the tenderer will be made out and pasted to each

tender. Details of individual rates will be treated as confidential and will not be read out. Each tender should be accompanied by cash or a chalan receipt for an earnest money deposit of Br. Rs. 2635 in a Travancore Government Treasury. Tenders not accompanied by such deposit or receipt will not be considered. Contractors who have deposited permanent earnest money and have secured exemption from individual payments, need not do this except when special earnest money is asked to be deposited.

4. The tender will be considered firm for acceptance for a period of three(3) months from the date of opening the tenders or till the end of Dhanu........................1122 and the tenderers will not be free to withdraw or modify their tender within this period, or till after they are decided, whichever is earlier, except on pain of forfeiture to Government of the earnest money deposited.

5. Before commencing work or within a week after the date when the acceptance of his tender has been intimated to him, the tenderer shall deposit a sum sufficient to make up the balance of 5 per cent of the probable value of contract, which together with the amount of earnest money deposited shall be treated as security for the proper fulfilment of the same and shall execute an agreement for the work in the P. W. D. Schedule Form. If he fails to do this or to start work immediately after signing the agreement, or in the case of P. W. Contracts, maintain a minimum specified rate of progress (to be specified in each case in the Tender Schedule) the earnest money and security deposit shall be forfeited to Government and fresh tenders shall be called for or the matter otherwise disposed of. If as a result of such measures due to the default of the tenderer to pay the requisite deposits, sign contracts or take possession of the work, any loss to Government results the same will be recovered from him as arrears of revenue; but should it be a saving to Government, the original contractor shall have no claim whatever to the difference. Recoveries on this or any other account will be made from the sums that may be due to the contractor on this or any other subsisting contracts or under the Revenue Recovery Act, or otherwise as the Government may decide.

6. The acceptance of the tender rests with the Government of Travancore who does not undertake to accept the lowest or any particular tender.

7. The right to carry out the work either in conformity with or in a manner entirely different from the terms of this invitation, that may be considered most suitable subsequent to the receipt of tenders due to exigencies of work, is reserved with the Department.

8. Drawings, schedule of quantities, specifications of work to be done and conditions of contract to be entered into, can be seen at the office of the undersigned and/or of the Drainage Engineer on any working day during office hours. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of the schedule, that the schedule is liable to alteration by omissions, deductions or additions at the discretion of the competent Departmental Officer or as set forth in the conditions of contract. The tenderer will however base his tender amount in the case of lump sum tender, on the basis of these quantities etc.

9. Printed Departmental forms of tender and general specifications can be obtained from the office of the undersigned at a cost of four chuckrams each. Tenders not submitted in such printed forms, or submitted incomplete in any respect whatever, such as unattested errors and corrections in rates, quantities, units or amounts, figures not expressed in words, totals of contract not entered etc., shall be liable to summary rejection.

10. The earnest money deposit of the unsuccessful tenderer will be refunded as soon as possible after the tenders are disposed of.

11. Solicitors' fee if any should be paid to the Law Officers of Government for scrutinising or drawing up of agreements will be paid and recovered from the successful tenderer.

12. Tenderers must also state in their tenders if they are prepared to carry out at their tendered rates such portion or portions of the work as may finally be allotted to them by the officer deciding tenders.

13. Any further information necessary can be obtained at the office of the undersigned on all working days during office hours

14. The work should be completed in all respects in six (6) months from the date the order to start work is issued and in any case not later than the end of Edavam 1122 M. E.

15. No authorised variation shall vitiate the contract, but additions and omissions shall be measured up and dealt with as under;—

(a) In case final measurements are claimed, they shall be taken only for those items for which either the contractor or the Executive Engineer claims final measurements and the quantities of the remaining items in Schedule shall be accepted as correct. The lump sum amount mentioned in the agreement will then be varied by adding thereto or deducting therefrom as the case may be, the difference (if any) between the amounts mentioned in Schedule for such items and the amounts arrived at by calculation at

contract rates based on the revised quantities for the same, obtained by the final measurements aforesaid.

(b) If there is no rate in Schedule for additional work ordered to be carried out by the Executive Engineer, then prior to execution, of the additional work a rate for the additional work shall be agreed upon, entered on a supplemental slip signed and dated by the contractor and the Executive Engineer (or the higher sanctioning authority as the case may require) and this supplemental slip shall be attached to the agreement. A copy of this supplemental slip shall also be given to the contractor.

(c) In the event of the Executive Engineer and the contractor failing to agree on a rate for such additional work, then the Executive Engineer may at his option, either :—

(i) employ other parties to carry out the additional work and send workmen upon the premises to execute fittings and other works not included in the contract for whose operations the contractor is to afford every reasonable facility during ordinary working hours provided that such operations shall be carried on in such a manner as not to impede the progress of the work included in the contract. But the contractor is not to be responsible for any damage which may happen to or be occasioned by any such fittings or other works, provided he complies with the Executive Engineer's instructions in connection therewith; and provided that the damage is not caused by himself or his workmen.

The contractor shall at all times, co-operate, assist, attend on and afford facilities for such specialists as may be employed by the Executive Engineer on other works in connection with the building allowing them free of charge, the use of all plant, light and water installed in the works. The contractor shall also case such special work or protect it as instructed to avoid injury during progress of the works. For failure to so protect, the contractor must make good any damage caused, or

(ii) the contractor shall execute the work upon written orders from the Executive Engineer and the cost of the labour and materials plus 10 per cent thereon shall be allowed therefor provided that the vouchers for the labour and materials employed shall have been delivered to the Executive Engineer or his representative within seven days after such work shall have been completed. If the Executive Engineer considers that payment for such work on the basis of the vouchers presented is unduly high, he shall make payment in accordance with such valuation as he considers fair and reasonable and his decision in the matter shall be final if the amount involved in the additional payment is Rs. 1,000 or less, for each occasion on which such additional works shall have been authorised. If such amount exceeds Rs. 1,000 the contractor shall have the right to submit the matter to arbitration under the provisions of the arbitration clause hereunder.—

Arbitration.—In case of any dispute or difference between the parties to the contract either during the progress or after the completion of the works or after the determination, abandonment or breach of the contract, as to the interpretation of the contract, or as to any matter or thing arising thereunder (except as to the matters left to the sole discretion of the Executive Engineer under the clauses of this Preliminary Specification), or as to the withholding by the Executive Engineer of any bill to which the contractor may claim to be entitled, then either party shall forthwith give to the other notice of such dispute or difference, and such dispute or difference shall be and is hereby referred to the arbitration of the Chief Engineer or in the case of contracts entered into by the Chief Engineer, any officer of Government appointed in this behalf for the case in dispute and the award of the Chief Engineer or such other officer shall be final and binding on the parties. Progress of the work shall not be suspended or delayed because of reference of any dispute or difference to arbitration and the Executive Engineer's decision on such dispute or differences shall be conclusive until reversed by the Chief Engineer. The Chief Engineer or such other officer as aforesaid shall not be required to hear or receive formal evidence, and shall have power to view the subject-matter of the disputes with or without the parties or their agents. The Chief Engineer shall have power to open up, review and revise any certificate, opinion, decision, requisition or notice, save in regard to the matters expressly excepted and to determine all matters in dispute which shall be submitted to him, and of which notice shall have

been given as aforesaid, in the same manner as if no such certificate, opinion, decision, requisition, or notice had been given. Upon every or any such reference the cost of and incidental to the reference and award respectively, shall be in the discretion of the Chief Engineer, who may determine the amount thereof, or direct the same to be taxed as between solicitor and client or as between party and party and shall direct by whom and to whom and what manner the same shall be borne and paid.

Provided that Government shall not be liable in any claim in respect of any such dispute or difference until the liability and the amount thereof shall have been referred to and decided by the Chief Engineer.

(d) If in the opinion of the Executive Engineer, a rate for the additional work is not capable of being properly arrived at prior to execution of the work, or if the work is not capable of being properly measured, then the cost and payment thereof shall be dealt with as provided in the preceding clause c (ii).

16. The contractor shall not without the previous sanction in writing of the authority accepting the tender. execute any power of attorney in respect of any matter, touching this contract, and any such power of attorney executed without such sanction shall not be recognised by or be binding upon Government or their officers. It shall be entirely within the discretion of the authority accepting the tender either to grant such sanction or to refuse it or to revoke a sanction once given.

17. Cement and M. S. rods for reinforcement required for the work will be supplied departmentally at the Drainage Stores in the Division or General Stores and their value recovered at Rs. 80 per ton of cement and Rs. 16 per cwt. of M. S Rods. Cement and rods so issued shall remain the property of Government though in contractor's custody and shall not be removed from the stores at worksite except under written authorisation by a competent authority.

18. The contractor will be exempted from payment of seigniorage for rubble and metal quarried from P. W. D. quarries exclusively for P. W. D. works. If the P. W. D quarries are not situated within a convenient distance from the site of the work, the contractor's quoted rates shall be inclusive of seigniorage, ground rent etc., that may be payable to the owners of private quarries.

19. In making payment the total amount of the bill will be rounded off correct to the nearest rupee if the amount is above Rs. 25 and to the nearest chuckrams if the amount is below Rs. 25.

20. When Steam Road Rollers are hired out to contractor, split fuel required for the efficient working of the roller shall be supplied by the contractor. In addition recovery towards roller charges (oils and stores plus staff charges) shall be effected from the contractor at the rate of Rs. 210 per month of 25 working days for the full period the roller is in charge of the contractor, including all non-working days. For a period less than a month, the rates shall be calculated at Rs. 7 a day the roller is in charge of the contractor including non-working days.

21. For motor roller, the recovery for roller charges, plus fuel, oil etc., shall be effected from the contractor at Rs. 10 per 8 hour day. Recovery shall be effected for the full period the roller is in charge of the contractor including non-working days. If the roller is worked for more than 8 hours a day a further charge of Re. 1-4-0 per hour will be made as also all overtime charges to the staff will also be collected.

22. Excess up to 10 per cent of the schedule quantities should be done by the contractor at his agreed rates. But if the excess is over 10 per cent due to *bona fide* changes in design extra rates if any required by the contractor should be asked for within ten days of such excess arising, and settled beforehand in writing: if not, the contractor will be paid only his agreed rates whatever the excess may be. Any excess quantity of work or extra items done without the written authority of a departmental officer, not below the rank of a Section Officer will not be paid for.

23. Value of quantities of departmental materials issued for the work unaccounted for by the contractor will be recovered from him at book value plus 20 per cent storage value or the current market value whichever is higher. Market value will be the retail selling price of the material in the locality of the work or the nearest market town, current on the day of issue. The Executive Engineer shall obtain this information and record it for reference within 7 days of such issue sending a copy to the contractor. The decision of the Chief Engineer regarding current market rates shall be final and binding on the contractor.

24. Tenders which are not in conformity with this tender notice are liable to rejection.

25. This tender notice with the conditions stated herein, will form part of the contract documents.

FORM No. 83.

NOTICE INVITING TENDERS FOR WORK.

Sealed Tenders are invited for the following work

NAME OF WORK.—Reconstructing the bridge in 7/3 Alwaye.

LOCALITY.—Edappully road.

1. The items and sub-heads of work to be done are enumerated in the sub-joined schedule. Unless otherwise specified the tender must be for the whole or any individual work and part tenders are liable to rejection. A contractor may tender for more than one work with the earnest money deposit specified in each case, but shall not tender for any part of a work only, unless specifically so required.

2. All works shall be done in conformity with the specifications and conditions of contract in force in Travancore P.W.D. Tenderers must quote their own rates specifically for each item, without reference to the departmental estimates or the current schedule of rates, the rates quoted shall be inclusive ones, covering all the operations contemplated in the specifications and tender schedules and all incidental work necessary for such operations such as shoring, baling formwork, scaffolding etc.

3. Tenders sealed and endorsed as such with the name of the work clearly written thereon should be delivered at the office of the Division Officer Alwaye before 4 P. M. on or before 15th Vrischigam 1122 They will be opened at the office of delivery by the undersigned or such officer as may be authorised in this behalf, in the presence of such of those tenderers or their authorised agents as may be present. The total amount of each tender will be read out, the tender and all corrections in the tender will be attested by the tender opening officer with dates and initials and by the tenderer, if present. A list of corrections which remain unattested by the tenderer will be made out and pasted to each tender. Details of individual rates will be treated as confidential and will not be read out. Each tender should be accompanied by cash or a chalan receipt for a, an earnest money deposit of Bh. Rs. 1500 in a Travancore Government Treasury. Tenders not accompanied by such deposit or receipt will not be considered Contractors who have deposited permanent earnest money and have secured exemption from individual payments, need not do this, except when special earnest money is asked to be deposited.

4. The tender will be considered firm for acceptance for a period of six months from the date of opening the tenders or till 15th Edavom 1122 and the tenderers will not

be free to withdraw or modify their tender within this period, or till after they are decided, whichever is earlier, except on pain of forfeiture to Government of the earnest money deposited.

5. Before commencing work or within a week after the date when the acceptance of his tender has been intimated to him, the tenderer shall deposit a sum sufficient to make up the balance of 5 per cent of the probable value of contract, which together with the amount of earnest money deposited shall be treated as security for the proper fulfilment of the same and shall execute an agreement for the work in the P. W. D. Schedule Form. If he fails to do this or to start work immediately after signing the agreement or in the case of P. W. Contracts, maintain a minimum specified rate of progress (to be specified in each case in the Tender Schedule) the earnest money and security deposit shall be forfeited to Government and fresh tenders shall be called for or the matter otherwise disposed of. If as a result of such measures due to the default of the tenderer to pay the requisite deposit, sign contracts or take possession of the work, any loss to Government results, the same will be recovered from him as arrears of revenue; but should it be a saving to Government, the original contractor shall have no claim whatever to the difference. Recoveries on this or any other account will be made from the sums that may be due to the contractor on this or any other subsisting contracts or under the Revenue Recovery Act, or otherwise as the Government may decide.

6. The acceptance of the tender rests with the Government of Travancore who does not undertake to accept the lowest or any particular tender.

7. The right to carry out the work either in conformity with or in a manner entirely different from the terms of this Invitation, that may be considered most suitable subsequent to the receipt of tenders due to exigencies of work, is reserved with the Department.

8. Drawings, schedule of quantities, specifications of work to be done and conditions of contract to be entered into can be seen at the office of the undersigned and/or of the Alwaye Assistant Engineer, on any working day during office hours. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of the schedule, that the schedule is liable to alteration by omissions, deductions, or additions at the discretion of the competent Departmental Officer or as set forth in the conditions of contract. The tenderer will however base his tender amount in the case of lump sum tender on the basis of these quantities etc.

9. Printed Departmental forms of tender and general specifications can be obtained from the office of the undersigned at a cost of four chuckrams each. Tenders not submitted in such printed forms, or submitted incomplete in any respect whatever, such as unattested errors and corrections in rates, quantities, units or amounts, figures not expressed in words, totals of contract not entered etc., shall be liable to summary rejection.

10. The earnest money deposit of the unsuccessful tenderer will be refunded as soon as possible after the tenders are disposed of.

11. Solicitors' fee if any should be paid to the law Officers of Government for scrutinising or drawing up of agreements, will be paid and recovered from the successful tenderer.

12. Tenderers must also state in their tenders if they are prepared to carry out at their tendered rates such portion or portions of the work as may finally be allotted to them by the officer deciding tenders.

13. Any further information necessary can be obtained at the office of the undersigned on all working days during office hours.

14. The work should be completed in all respects in Two Years from the date the order to start work is issued and in any case no later than 119

15. No authorised variation shall vitiate the contract but additions and omissions shall be measured up and dealt with as under.—

(a) In case final measurements are claimed, they shall be taken only for those items for which either the contractor or the Executive Engineer claims final measurements and the quantities of the remaining items in Schedule, shall be accepted as correct. The lump sum amount mentioned in the agreement will than be varied by adding thereto or deducting therefrom as the case may be, the difference (if any) between the amounts mentioned in Schedule for such items and the amounts arrived at by calculation at contract rates based on the revised quantities for the same, obtained by the final measurements aforesaid.

(b) If there is no rate in schedule for additional work ordered to be carried out by the Executive Engineer, then prior to execution of the additional work, a rate for the additional work shall be agreed upon entered on a supplemental slip signed and dated by the contractor and the Executive Engineer (or the higher sanctioning authority as the case may require) and this supplemental slip shall be attached to the agreement. A copy of this supplemental slip shall also be given to the contractor.

(c) In the event of the Executive Engineer and the contractor failing to agree on a rate for such additional work then the Executive Engineer may, at his option either:—

(i) employ other parties to carry out the additional work and send workmen upon the premises to execute fittings and other works not included in the contract, for whose operations the contractor is to afford every reasonable facility during ordinary working hours provided that such operations shall be carried on in such a manner as not to impede the progress of the work included in the contract. But the contractor is not to be responsible for any damage which may happen to or be occasioned by any such fittings or other works provided he complies with the Executive Engineer's instructions in connection therewith, and provided that the damage is not caused by himself or his workmen;

The contractor shall at all times co-operate assist, attend on, and afford facilities for such specialists as may be employed by the Executive Engineer on other works in connection with the building allowing them, free of charge, the use of all plant, light and water installed in the works. The contractor shall also case such special work or protect if so instructed, to avoid injury during progress of the works. For failure to so protect, the contractor must make good any damage caused, or

(ii) the contractor shall execute the work upon written orders from the Executive Engineer and the cost of the labour and materials plus 10 per cent, thereon shall be allowed therefor, provided that the vouchers for the labour and materials employed shall have been delivered to the Executive Engineer or his representative within seven days after such work shall have been completed. If the Executive Engineer considers that payment for such work on the basis of the vouchers presented is unduly high, he shall make payment in accordance with such valuation as he considers fair and reasonable and his decision in the matter shall be final, if the amount involved in the additional payment is Rs. 1,000 or less for each occasion on which such additional works shall have been authorised. If such amount exceeds Rs. 1,000 the contractor shall have the right to submit the matter to arbitration under the provisions of the arbitration clause hereunder :—

Arbitration:—In case of any dispute or difference between the parties to the contract either during the progress or after the completion of the works or after the determination, abandonment or breach of the contract, as to the interpretation of the contract, or as to any matter or thing arising thereunder (except as to the matters left to the sole discretion of the Executive Engineer under the clauses of this Preliminary Specification or a to the withholding by the Executive Engineer of any bill to which the contractor may claim to be entitled, then either party shall forthwith give to the other notice of such dispute or difference, and such dispute or difference shall be and is hereby referred to the arbitration of the Chief Engineer or in the case of contracts entered into by the Chief Engineer any officer of Government appointed in this behalf for the case in dispute and the award of the Chief Engineer or such other officer shall be final and binding on the parties. Progress of the work shall not be suspended or delayed because of reference of any dispute or difference to arbitration and the Executive Engineer's decision on such dispute or differences shall be conclusive until reversed by the Chief Engineer. The Chief Engineer or such other officer as aforesaid shall not be required to hear or receive formal evidence, and shall have power to view the subject matter of the disputes with or without the parties or their agents. The Chief Engineer shall have power to open up, review and revise any certificate, opinion decision requisition or notice, save in regard to the matters expressly excepted and to determine all matters in dispute which shall be submitted to him, and of which notice shall have been

given as aforesaid, in the same manner as if no such certificate, opinion, decision, requisition or notice had been given. Upon every or any such reference the cost of and incidental to the reference and award respectively shall be in the discretion of the Chief Engineer who may determine the amount thereof, or direct the same to be taxed as between solicitor and client or as between party and party and shall direct by whom and to whom and what manner the same shall be borne and paid.

Provided that Government shall not be liable in any claim in respect of any such dispute or difference until the liability and the amount thereof shall have been referred to and decided by the Chief Engineer.

(d) If in the opinion of the Executive Engineer, a rate for the additional work is not capable of being properly arrived at prior to execution of the work, or if the work is not capable of being properly measured, then the cost and the payment thereof shall be dealt with as provided in the preceding clause c (ii).

16. The contractor shall not without the previous sanction in writing of the authority accepting the tender, execute any power of attorney in respect of any matter, touching this contract and any such power of attorney executed without such sanction shall not be recognised by or be binding upon Government or their officers. It shall be entirely within the discretion of the authority accepting the tender either to grant such sanction or to refuse it or to revoke sanction once given.

17. Cement and M. S. rods-reinforcement required for the work will be supplied departmentally at Alwaye Division Stores and their value recovered at Rs. 60 per ton of cement and Rs. 16 per Cwt. of M. S. Rods. Cement and rods so issued shall remain the property of Government though in contractor's custody and shall not be removed from the stores at work—sits except under written authorisation by a competent authority.

18. The contractor will be exempted from payment of seigniorage for rubble and metal quarried from P. W. D. quarries exclusively for P. W. D. works. If the P. W. D. quarries are not situated within a convenient distance from the site of the work, the contractor's quoted rates shall be inclusive of seigniorage, ground rent etc. that may be payable to the owners of private quarries.

19. In making payment the total amount of the bill will be rounded off correct to the nearest rupee if the amount is above Rs. 25 and to the nearest chuckrams if the amount is below Rs. 25.

20. When Steam Road Rollers are hired out to contractor, split fuel required for the efficient working of the roller shall be supplied by the contractor. In addition recovery towards roller charges (oils and stores plus staff charges) shall be effected from the contractor at the rate of Rs. 210 per month of 25 working days for the full period the roller is in charge of the contractor, including all non-working days. For a period less than a month the rates shall be calculated at Rs. 7 a day the roller is in charge of the contractor including non-working days.

21. For motor roller, the recovery for roller charges, plus fuel, oil etc., shall be effected from the contractor at Rs. 10 per 8 hour day. Recovery shall be effected for the full period the roller is in charge of the contractor including non-working days. If the roller is worked for more than 8 hours a day a further charge of Rs. 1-4-0 per hour will be made as also all overtime charges to the staff will also be collected.

22. Excess up to 10 per cent of the schedule quantities should be done by the contractor at his agreed rates. But if the excess is over 10 per cent due to bonafide charges in design, extra rates if any required by the contractor should be asked for within ten days of such excess arising, and settled before hand in writing; if not, the contractor will be paid only his agreed rates whatever the excess may be. Any excess quantity of work or extra items done without the written authority of a departmental officer not below the rank of a Section Officer will not be paid for.

23. Value of quantities of departmental materials issued for the work unaccounted for by the contractor will be recovered from him at book value plus 20 per cent. storage value or the current market value whichever is higher. Market value will be the retail selling price of the materials in the locality of the work or the nearest market town current on the day of issue. The Executive Engineer shall obtain this information and record it for reference within 7 days of such issue sending a copy to the contractor. The decision of the Chief Engineer regarding current market rates shall be final and binding on the contractor.

24. Tenders which are not in conformity with this tender notice are liable to rejection.

25. This tender notice with the conditions stated herein, will form part of the contract documents.
